R. Geise talks of going to Butte City for the winter.

The Comstock stocks are still on the downward grade.

The Pennut telegraph line is in successful operation.

Senator Fair does not intend to go to Washington this winter.

The mountains west have donned their white winter's mantle.

Jas. Holladay has taken a contract to rebuild the Coats Tavern.

M. J. Curtis, Architect of the Asylum, is in from the Antelope mine.

Allen A. Curtis, of Austin, came in last evening, en route to Bodie.

Reno Lodge, No. 13, F. and A. M., will elect officers on the 23d inst.

A JOURNAL reporter has been told of a "surprise party" soon to come off.

Chase & Thyes have a new drink, prepared especially for the holiday season.

A friend at our elbow suggests that a Reno game would do well for a month or so.

Jas. Holladay went down to the Bay last night, it being his first trip in eight years.

Lindley's new office is having the finishing touches put on. The office is a little \$500 daisy.

The Congregational Sunday school concert Sunday evening added \$17 50 to the Christmas tree purse.

A fine gold heavy-cased Cornell or Kruger chronometer for \$65 at Harris', 221 Kearney street, between Bush and Butter.

Nasby's bazaar is constantly crowded with customers making selections for holiday gifts. He has an almost endless variety of goods suitable to the holidays.

The apple trees of J. Frey, William Thompson and Captain Dalt, of Washoe Valley, were girdled a few evenings ago. Water troubles supposed to be the cause.

The next term of Bishop Whitaker's "School for Girls" will commence January 4th, with Miss C. E. Sanford as principal, Miss Quaffie and five other teachers.

That the holidays are approaching is evident from the frequent visits of the ladies to the stores, and their carrying away of many mysterious looking packages.

Frank V. Drake, formerly of Virginia, out a Bodieite for a couple of years past, passed through Sunday evening, en route to Portland, where he intends to locate.

Tremor Coffin, of Carson, and D. Allen, of Reno, are applicants for the position of U. S. District Attorney of Nevada, made vacant by the retirement of Speaker Varian.

A wind storm set in Sunday night and continued yesterday forenoon. In the afternoon the gentle zephyrs departed, and the outlook is favorable for continued fine weather.

Judge B. C. Whitman came down from Virginia last night on his way to Eureka to make a motion before Judge Rives for a change of venue in the Beck-Enterprise libel suit.

The Palace Bakery has a magnificent assortment of Christmas candy toys and candies, also fresh nuts, etc.; and if you want a cake, plain or ornamented, the Palace is the place to get it. This is the shop to get a superior article for the price many pay for an inferior one.

Miss Flora Finlayson has returned from Bodie. The ever gallant Free Press, noticing her departure, said:

"Among the departures this morning was Miss Flora Finlayson, sister of Mrs. M. M. Gillespie. She returns to her home in Reno. Miss Finlayson, during her brief visit to Bodie, made a host of agreeable friends, who will regret her departure."

The special agent from San Francisco, who has been here for a few days adjusting the Mr. Hoffman loss in his brick building, has examined the risks that W. N. Knox has taken to the amount of \$163,000, and found the risks and rates all satisfactory, which was very gratifying, as he had been informed that Knox had been taking risks for more than value and at under rates.

THE BEEF BOOM.

Prospect of Considerably Higher Prices in the Local Market.

The beef boom which took place in San Francisco and the East some time ago continues, and some apprehension is felt, says the Eureka Sentinel, that the drain of cattle from this State, which has been quite extensive during the year will affect the local markets. The San Francisco papers state that within the past week choice cuts have retailed from 20 to 25 cents per pound, which heretofore were wont to pass out of the butchers' hands at 15 to 20 cents. In an interview with local butchers during the week we have ascertained that there is no immediate cause for beef-eaters to be alarmed. They do not deny that the prices will advance, but say this has always been the case during the winter months, commencing generally with January. Much depends on the severity of the weather and the condition of the ranges. The price for beaver on foot is now about 6 cents. In a short time it is expected to advance from 10 to 11 cents. So far our local butchers have experienced no difficulty in buying all the cattle they want for use at current rates. Sheep are plentiful, and the price of mutton will probably remain stationary. Our leading butchers believe the present boom is caused more by a corner in beef, than in a diminution of the supply. The large shippers are said to control the market, and they have created the erroneous impression that cattle are becoming scarce. It is asserted that the shipment of beaver will soon be confined to a few combinations on this coast. Large companies, it is stated, are forming to operate for complete control of the certain sections. One Eureka is said to have joined a party of San Franciscans to organize a cattle range in the northern part of California, to take in the entire surrounding region, and for this purpose has put \$60,000 in the pool. This we learn from pretty good authority. When the meat interests, therefore, become so thoroughly concentrated, it is quite easy to bring about a boom. Nothing but an extreme surplus can break the price.

Holiday Goods.

Our principal merchants and dealers have brought extensive and varied stocks of holiday goods to town. Articles suitable for Christmas presents and designed to please the most fastidious, can be purchased at home as cheaply as in San Francisco; besides you have the advantage of making your own selection and examining what you buy. Anything you desire, for children, wife, husband, sweetheart or friend, at prices to suit your purse, can be had in town.

Senator Jones.

U. S. Senator Jones came down from Gold Hill Sunday evening, and took yesterday morning's train for Washington. He will return to Nevada about the middle of March, bringing his family with him. The Senator does not think there will be an extra session of the Senate, because he believes David Davis will resign, and allow some other Senator to be chosen President pro tem.

Order Rescinded.

On Saturday last the Board of Commissioners rescinded their action concerning the purchase of the Smith \$800 lot, and concluded to let the new Board have a say. In order to proceed properly the Judge appointed W. F. Berry, T. K. Hymers and A. A. Longley, to appraise the lot, and these gentlemen yesterday appraised it at \$200.

Roll of Honor.

The following is the roll of honor at Bishop Whitaker's School for Girls for the month ending December 13, 1882: Armenia Grippen, 99; Cora Manning, 98 5; Kittle Grippen, 98 3; Emily Cutting, 98 3; Louise Sissa, 98 2; Bessie Boardman, 98; Mamie Strong, 97 3; Hatie Schooling, 97 1.

Moving Cattle.

Eleven hundred head of cattle passed through west on Sunday's trains. For the past six weeks cattle have been shipped out of Nevada at the rate of 3,000 per week. There are still 20,000 head to be shipped. An advance in price of beef cattle is looked for about the middle of January.

Saturday Evening.

The Congregational Sabbath School Christmas tree will be at the church Saturday evening. There will also be a citizens' tree. Previous to the distribution of presents there will be appropriate literary exercises.

Thanks From the Ladies.

The ladies of the M. E. Church desire to express their thanks to those who so kindly assisted them in their entertainment for the benefit of the Sunday School. One hundred and twenty-seven dollars were netted.

A. C. Blakely, with his two little ones, left for Sacramento last night. He will remain down there until New Year's, when he will return this way en route to his old home in Wisconsin. Wherever he goes the JOURNAL wishes him the best of luck.

The Eberhardt and Aurora Strike.

By private letters from Hamilton the Eureka Leader learns that the "new find" in the Eberhardt & Aurora Tunnel is improving in appearance and in the assay value of the ore. Some recent assays ran very high—from \$400 to \$500 per ton. Should development continue favorable upon the lode it will infuse new life into the old White Pine District during the coming year, and demonstrate what we have always believed, that the desertion of the district by our San Francisco mining men was foolish and cowardly in the extreme. White Pine is one of the best mining camps in the State, and time will prove it, and we shall not have long to wait.

To The Public.

One the 1st of January, 1883, I propose to place my business on a cash basis which will enable me to supply those who will give me their patronage with the best quality of goods at much lower prices than they have heretofore been paying. It is a plain fact that the credit system as carried on by business houses, compels those who do pay to make up the losses occasioned by those who do not fulfill their obligations. I am aware that Cash vs. Credit has been a theme of discussion these many years, but those who pay their bills know that the theory is perfect. And I shall offer goods at such prices that those who shall trade with me will never regret that they assisted in reducing the theory to practice. The new plan will enable me to increase my large and varied stock. I will transact my business strictly in accordance with the cash system; pricing goods with regard to quality. I will handle none that are of a doubtful quality. Please call or send for a price list which will be out January 1, 1883. Respectfully,
JERRY SCHOOLING.

Fine Job Work.

The JOURNAL job office has just received a large and fine stock of paper, cards, inks, etc., for job printing and is prepared to take orders for every description of work in the printing line. Call and examine our specimens and leave your orders.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always gives perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few simple remedies of the age. Sold at 25c a box everywhere.

Dr. R. V. PIERCE, Buffalo, N. Y.—DEAR SIR—I have advised many ladies to try your "Favorite Prescription" and never see it fail to do more than you advertise. Yours truly,
MRS. A. M. RANKIN.
